

Rental Licensing and Inspections Program

The City of Osseo values a healthy, high quality standard of living. The Rental Licensing and Inspections Program clarifies the expectations of property owners to provide safe, structurally sound, and well-maintained rental facilities in Osseo. The City of Osseo partners with Rum River Consultants to provide rental inspection services.

Rental inspections are performed in accordance with the International Property Maintenance Code (IPMC). Forms, checklists, and Certificates of Compliance are used to provide consistency and uniformity in licensing and inspections of rental properties. A rental license ensures that all rental properties meet the provisions of the IPMC.

Licensing and Inspection Process

Rental licenses are renewed annually and the cycle runs from April 1 to March 31 of the following year. Rum River Consultants will either mail or email renewal applications by February 1 of each year with a 30 day window to renew your license.

Inspections are performed on a biennial cycle with common areas in apartment buildings being inspected annually.
