In order to satisfy the requirements of MN Building Code, State Statute and MN Rule, the following criteria must be confirmed and documented for retention by the municipality.

1. The subject property must be classified as *Agricultural Land* as defined by MN State Statute section 273.13, subdivision 23. Property owner is to provide written documentation from the County Assessor's office as part of this process.
2. Secondly, the use of the building must be consistent with the items listed below:
 - a) It must be primarily used for housing farm implements, livestock and other agricultural products as identified by the above statutory language.
 - b) It cannot be for use by the general public such as retail sales, riding lessons or livestock shows.
 - c) The structure can serve as a place of employment for persons working with the agricultural products and those engaged in their pick up or delivery (i.e. greenhouse production activities).
