Note:

Egress window minimum net clear openings are: 5.7 total square feet (820.8 square inches) or 5 square feet (720 square inches) at grade level). All egress windows require a minimum 24-inch height, 20-inch width and maximum sill height of 44-inches above floor.

Exception: Replacement Windows, when the window is not smaller in size with the same operating style and provides equal or greater opening of the existing window.

Grade level = sill height not more than 44" above or below ground level next to opening.
